

## Klahaya Swim and Tennis Club Maintenance Worker Information

For Klahaya Club Members:

We provide a wonderful opportunity for young adults 14 years of age and older to become a part of the Klahaya paid staff. The Maintenance crew cleans the bathrooms, picks up trash, and provides garbage assistance at swim meets. It is an entry-level position for those interested in life-guarding, or coaching in the future. During the school year, Maintenance crew works 2-3 hours a week and adheres to state worker's regulations. School is ALWAYS the first priority. During the summer months, the hours increase depending on the number of shifts.

This is a popular job, so there will be a change to the hiring practices for the 2012 season. **This year we will be hiring only 15 Maintenance workers by submitted date of application and qualifications.** This include M- Staff from last year. Get it done quickly, so that you will be part of this great crew.

For all other Klahaya employment opportunities and Maintenance applications please see the Employment Tab at <http://www.klahaya.net/>

The season is just around the corner. See you soon!

Jeff McDowell- Klahaya Manager
